

Immunization Schedule

Age	Vaccine	Purpose	✓
At Birth	BCG	Prevents TB	<input type="checkbox"/>
	Polio (oral)	Prevents polio	<input type="checkbox"/>
6 Weeks	Polio (oral)	Prevents polio	<input type="checkbox"/>
	Pentavalent	Prevents diphtheria, pertussis, tetanus, Hep B, Hib	<input type="checkbox"/>
	Pneumococcal	Prevents pneumonia	<input type="checkbox"/>
	Rotavirus	Prevents diarrheal disease	<input type="checkbox"/>
10 Weeks	Polio (oral)	Prevents polio	<input type="checkbox"/>
	Pentavalent	Same as above	<input type="checkbox"/>
	Pneumococcal	Same as above	<input type="checkbox"/>
	Rotavirus	Prevents diarrheal disease	<input type="checkbox"/>
14 Weeks	Polio (oral)	Prevents polio	<input type="checkbox"/>
	Pentavalent	Same as above	<input type="checkbox"/>
	Pneumococcal	Same as above	<input type="checkbox"/>
	Rotavirus (3rd dose)	Prevents diarrheal disease	<input type="checkbox"/>
6 Months	Vitamin A (100,000 IU)	Prevents deficiency	<input type="checkbox"/>
7 Months	Flu vaccine	Prevents flu	<input type="checkbox"/>
9 Months	Measles-Rubella (1st dose)	Prevents measles & rubella	<input type="checkbox"/>
10 Months	Meningococcal ACYW	Prevents meningococcal disease	<input type="checkbox"/>
12 Months	Vitamin A (200,000 IU)	Prevents deficiency	<input type="checkbox"/>
	Deworming (Albendazole 200mg)	Prevents intestinal worms	<input type="checkbox"/>
	Hepatitis A	Prevents hepatitis A	<input type="checkbox"/>
	Varicella	Prevents chickenpox	<input type="checkbox"/>
15 Months	Meningococcal	Prevents meningococcal disease	<input type="checkbox"/>
	MMR	Prevents measles, mumps, rubella	<input type="checkbox"/>
18 Months	Measles-Rubella (2nd dose)	Prevents measles & rubella	<input type="checkbox"/>
	Vitamin A (200,000 IU)	Prevents deficiency	<input type="checkbox"/>
	Deworming (Albendazole 200mg)	Prevents intestinal worms	<input type="checkbox"/>
	Hexaxim/Infanrix booster	Prevents diphtheria, pertussis, tetanus, Hep B, Hib	<input type="checkbox"/>
	MMR	Same as above	<input type="checkbox"/>
2 Years	Typhoid	Prevents typhoid fever	<input type="checkbox"/>
	Flu vaccine	Prevents flu	<input type="checkbox"/>
	Deworming	Prevents intestinal worms	<input type="checkbox"/>
	Vitamin A (200,000 IU)	Prevents deficiency	<input type="checkbox"/>
Annually	Flu vaccine (on request)	Prevents flu	<input type="checkbox"/>
Revaccination	Typhoid (every 3 years)	Prevents typhoid fever	<input type="checkbox"/>
	Meningococcal	Prevents meningococcal disease	<input type="checkbox"/>
	Hepatitis A	Prevents hepatitis A	<input type="checkbox"/>
	Rabies (pre-exposure)	Prevents rabies	<input type="checkbox"/>
